Sir:

Technology Center 2600

Applicants respectfully request an indication when the first Office Action for the present application can be expected.

In addition, before examination on the merits, the following amendments and remarks are respectfully submitted.

IN THE CLAIMS:

Please REPLACE claims 19-26 and 28-32 with the following AMENDED claims 19-26 and 28-32. New claims 34-37 have also been added.

19. (TWICE AMENDED) A recording and/or reproducing apparatus-recording and/or reproducing data on a recording medium, comprising:

a discriminator to discriminate a magnitude of a present mark of input data and magnitudes of leading and/or trailing spaces of the present mark;

a generator to control a waveform of a write pulse in accordance with the magnitude of the present mark of the input data and the magnitudes of the leading and/or trailing spaces to generate an adaptive write pulse; and

a driver to drive a light source by converting the adaptive write pulse into a current signal in accordance with driving power levels for respective channels for the adaptive write pulse.
